

## *A New View of the Moon*

Speaker 1: One night I was bored in my apartment and decided to take my telescope out to the sidewalk. The moon was out and I thought, why not? Within a few minutes people started walking over and asking what this thing was.

Speaker 2: What does that do?

Speaker 1: It's a telescope. Do you want to check out the moon? Do you want to take a look at the moon?

Speaker 3: It's the moon.

Speaker 4: How I'm I supposed to look?

Speaker 1: You're supposed to look right here.

Speaker 4: Oh, in there.

[laughter].

Speaker 1: That's where it all started, it just sort of went from there.

Speaker 5: I'm looking at the moon. Oh my God.

Speaker 6: Oh my God.

Speaker 1: [laughs]

Speaker 7: Oh my God.

Speaker 8: Oh my God. I can't believe it.

Speaker 9: Oh, oh my God.

Speaker 10: Oh my God, no way.

Speaker 11: No way.

Speaker 12: No way, that's the moon?

Speaker 13: No way.

## *A New View of the Moon*

Speaker 1: Yeah way. [laughs]

Speaker 14: No. Well, you can see the craters. Yeah, they're so cool.

[crosstalk]

Speaker 15: Wow. What?

Speaker 16: What?

Speaker 17: What? Look at the edge, I want to see more of it.

Speaker 18: I know.

Speaker 19: Holy shit. I've never seen this before. I've never seen this shit before

Speaker 20: Wow, that is intense right there boy. Wow.

Speaker 21: Bro, that look likes that's right down the street man.

Speaker 1: [laughs]

Speaker 21: Man what you got here man, that look like that's right down the street.

Speaker 1: Yeah, isn't that amazing?

Speaker 22: Is that actual moon?

Speaker 1: It's the real thing.

Speaker 23: Huh.

Speaker 1: To be able to see it up close and feel like you could almost reach out and touch it, that's what makes it real to us.

Speaker 24: That is incredible.

## *A New View of the Moon*

Speaker 25: I kind of felt like I just landed on the moon.

[laughter]

Speaker 1: It makes you realize that we are all on a small little planet and we all have the same reaction to the universe we live in.

Speaker 26: Wow.

Speaker 27: Wow.

Speaker 28: Wow.

Speaker 1: I think there's something special about that, something unifying. It's a great reminder that we should look up more often.
